

Alabama Repeater Council Greenville Hamfest Minutes May 4, 2013

The regular scheduled meeting was held at the Greenville Hamfest. Meeting notes submitted by David Drummond, W4MD in the absence of Kirk, N4KRJ.

Much was covered by Howard, K4WWN – Frequency Coordinator, recapping his activity since the last meeting at Birmingham. Howard has been busy and he is to be commended for his dedication in the appointment he holds.

New repeater directories that ARRL provided is available to all Officers and Directors. Those at the meeting received one and the remainder will receive one via mail.

There was a comment about difficulty logging into the ARC web-site. If this is a problem or if you have a problem, please let Kirk know. If such exist, I would like to get this rectified. We all need to know the current correct password.

A few ARC dues were collected. Also as an Officer or Director, those of you that come in contact with repeater owners in your Region, please suggest that they become members of the ARC.

We had some good reports from the Directors with no major issues. I know it is impossible to please everyone but this is a reflection of how the ARC conducts business. Please continue the good work!
